

# Revision Checklist – Geography

## Ecosystems

- Food chains and food webs (including biomass transfer)
- Nutrient cycle

## Tropical Rainforests

- Stratification of the rainforest (layers)
- Plant adaptations
- Effects of deforestation

## Cold Environments

- Plant and animal adaptations
- Threats to cold environments (Alaska and Svalbard)
- Importance of cold environments

### REVISION RESOURCES

- Exercise Book
- Knowledge Organisers
- GCSE Pod
- Seneca Learning
- Revision Guides
- Other websites:
  - BBC Bitesize
  - Cool Geography
  - Internet Geography

*Speak to your teacher about the best revision guides and specific modules/pods to complete.*
